**SUSHMA
EMPIRIA**

THE SKYDOME HIGH STREET

BUILT AROUND *You*

At SUSHMA Group, everything we do is with a single focus. That focus is you. In the largest of our plans, we look into the smallest of details and in the smallest of things, we make the biggest of commitments.

It comes with years of delivering on our commitments and with the relationship that we have with a growing family of proud owners in our products. With that we have ensured that whether it is homes or commercial spaces, for us, you are at the centre of it all.

WELCOME TO DOWNTOWN WELCOME TO *Tomorrow*

This is a marquee address in a city poised to be at the cusp of the future. Modern infrastructure in a mega project of 260 acres, SUSHMA Downtown will be the integrated township developed on the self sustenance model of the cities of tomorrow. Across homes and business spaces and all the amenities to go with them, we ensure that every part of this development will have zero net impact on the environment.

SKYDOME CLIMATE CONTROL

TO MAKE EVERY DAY
A GOOD DAY TO

Shop

This is the signature of our unique architecture for this iconic business project. The Skydome, which allows blessings from the sky reach your door easily. But that is figuratively speaking, as the translucent glass dome lets in natural light without the heat of a simmering sun, just as it allows the beautiful view of rains from the clouds, without making your visitors run for cover.

FINE TASTES IN ARCHITECTURE AND *Cuisine*

Something indescribably timeless takes form and rejuvenates the ambiance when European architecture and style meet invigorating brews and gastronomical delights. From our effort to capture the neoclassical spirit in every wall and curve to taking your palate across the world, it's all under one roof.

A GREAT PLACE TO *Grow*

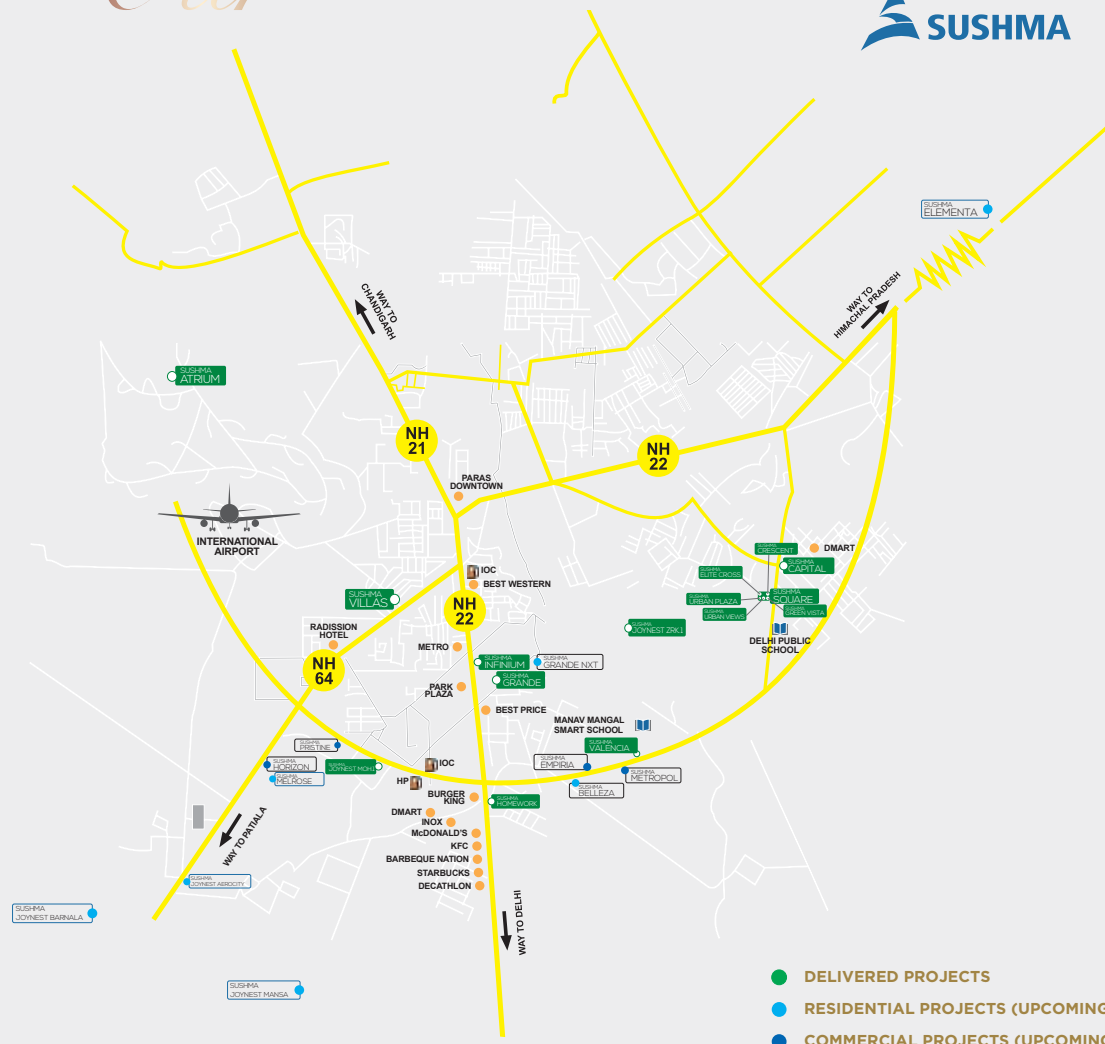

SUSHMA Empiria is located on the 200ft wide airport road that connects you straight with the highway to Chandigarh, Shimla, Punjab and Delhi. So if you are in a hurry to catch a flight or take a road trip to visit your family in these cities then the path will be comfortable and convenient for you.
